

ERETICO DI TOSCANA I.G.T.

The Eretico is a wine that I decided to start producing as a gift for my 50th birthday and the merlot and sangiovese that compose it come exclusively from my organic vineyards.

The winemaking is the same as the Nobile: the grapes ferment for about two weeks, in small stainless steel vats and then aged for about 10-12 months in barrels and barrels.

The bottling and then bottle aging complete the production cycle of this wine that as a good traditionalist I decided to call Eretico- "Eretic" because it brings with it the "innovation" of the international variety. Despite this, the terroir effect predominates and gives to the wine a "classic" Tuscan personality.

Grapes: Merlot and Sangiovese

Possibility of aging: 5- 7 years.

Serving suggestion: Wine for all meal , perfect with first courses with meat sauce, Tuscan salami and seasoned pecorino cheeses
